

**Summary statement:** Action Memorandum 15-014 requests approval to purchase new repair parts to rebuild meters, meter heads, and new meters from Badger Meter, Inc. PMC 3.21.230 allows for governmental and proprietary purchases.

The City has approximately 2,100 Badger water meters in service throughout Palmer. On an annual basis, the City purchases water meters and accessories from Badger Meter, Inc. to issue to new customers and replace old, failing meters.

In this case, it is in the City's best interest to limit the source of water meters and meter parts to Badger Meter, Inc. to maintain a consistent inventory of meter equipment and to insure water meters are compatible with meter reading equipment.

The Department of Public Works budgets annually for the maintenance and replacement of water meters and system components.

**Administration recommendation:** Authorize action memorandum 15-014.
