- L.N. Curtis Quote
- Resolution No. 13-023
- Grant Summary

Summary statement: On August 13, 2013, the Palmer Council approved resolution no. 13-023 accepted the State of Alaska Department of Commerce, Community, and Economic Development grant for the Aerial or Platform Firefighting Apparatus and Equipment. Palmer Fire & Rescue will accept and appropriate \$63,994.50 to buy the necessary equipment.

Per PMC 3.21.050 *Standard Specifications*, Palmer Fire & Rescue will need the new equipment for the new Firefighting apparatus.

The authorization would allow the purchase of necessary equipment for the new aerial or platform firefighting apparatus that is sold only through L.N. Curtis & Sons Inc.

Administration recommendation: Approve action memorandum 15-036.

CITY OF PALMER, ALASKA

Resolution No. 13-023

A Resolution of the Palmer City Council Accepting and Appropriating Grant Number 14-DC-124 in the Amount of \$1,800,000 from the State of Alaska Department of Commerce, Community and Economic Development for Aerial or Platform Firefighting Apparatus and Equipment

WHEREAS, the City of Palmer has been awarded a State of Alaska Department of Commerce, Community and Economic Development grant number 14-DC-124 in the amount of \$1,800,000; and

WHEREAS, the funds will be used to assist the City in purchasing an aerial or platform firefighting apparatus and associated equipment; and

WHEREAS, funds must be accepted and appropriated prior to expenditure of said funds.

NOW, THEREFORE, BE IT RESOLVED, that the Palmer City Council accepts and appropriates grant number 14-DC-124 from the Alaska Department of Commerce, Community and Economic Development for Aerial or Platform Firefighting Apparatus and Equipment and authorizes the city manager to execute the documents required under the grant agreement.

Passed and approved by the City Council of the City of Palmer, Alaska this thirteenth day of August, 2013.

DeLena Goodwin Johnson, Mayor

Janette M. Bower, MMC, City Clerk

Grants to Municipalities (AS 37.05.315)

Grant Recipient: Palmer

Federal Tax ID: 926000194

Project Title:

Project Type: Equipment and Materials

Palmer - Aerial Firefighting Apparatus and Equipment

State Funding Requested: \$1,850,000
One-Time Need

House District: Mat-Su Areawide (7-11)

Brief Project Description:

The City of Palmer's Aerial Ladder Fire Apparatus is a 1984 model for which repair parts are no longer available. An aerial ladder allows efficient access to hard-to-reach elevated areas in a critical emergency. This project involves the purchase of a new ladder fire truck to serve the Greater Palmer and Mat-Su Fire Service areas.

Funding Plan:

Total Project Cost:	\$1,850,000
Funding Already Secured:	(\$0)
FY2014 State Funding Request:	<u>(\$1,850,000)</u>
Project Deficit:	\$0

Detailed Project Description and Justification:

PROJECT #4
An aerial ladder is used for fighting fires in multi-story buildings and can be used to rescue victims trapped at elevated heights with no other escape route. The aerial is also necessary in fighting fires in large areas where containment of the fire to a restricted location is necessary for the safety of the public.

Palmer Fire & Rescue currently uses a 1984 Spartan Thibault aerial apparatus which is plagued by mechanical problems and frequent breakdowns. Periodically, the ladder locks fail to disengage, resulting in the ladder's extend and retract cables snapping, rendering the apparatus useless until repaired. The turntable has malfunctioned, shearing the piping for water transport to the nozzle, and causing damage to the ladders.

The aerial apparatus is critical to contain fires, but the current equipment is less than adequate for optimum public safety and emergency response.

Project Timeline:

Upon funding notification, bid specifications will be developed; it will be out to bid within four months, and order and delivery of the apparatus would be expected within 18 months.

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

City of Palmer
