

Attachments: Bid Tabulations

Summary Statement: The City received five bids for the Palmer Boiler Replacement Project. Cool Air Mechanical submitted the lowest responsive bid in the amount of \$164,814.92.

This project will replace the boilers in City Hall, the City Shop Building and the Alaska State Trooper side of the Public Safety Building.

Funding for this project is from two State grants and City capital project funds. The Public Safety Projects grant will fund the boiler replacement in the Public Safety Building and the City Facilities Improvements grant will fund the boiler replacements in City Hall and the City Shop Building. City capital project funds will pay for project costs for the City Hall and City Shop Building that exceed the State grant funds available for the project.

Administration recommendation: Approve Action Memorandum No. 14-043.
