- Quote for Firefighter PPE
- Letter of Sole Source for Globe

**Summary statement:** Palmer Fire & Rescue is currently halfway through the process of replacing the firefighter personal protective equipment (PPE) that will reach its recommended life cycle in 2016. National Fire Protection Association Standard (NFPA) 1851, *Standard on Selection, Care, and Maintenance of Protective Ensembles for Structural Fire Fighting and Proximity Fire Fighting* recommends that PPE is removed from service ten years after the manufacture date of the ensemble. The PPE that will be replaced was purchased in 2006. This order will finish out the purchase of the needed PPE to complete the project and replace all of the soon to be out dated equipment.

The Fire & Rescue Department proposes to purchase the PPE through the local Globe vendor, L.N. Curtis & Sons. The PPE purchase will total \$30,960.00.

**Administration recommendation:** Authorize Action Memorandum No. 15-081
